llo

Life, life gets down
when you change
I cry bad
you, you calm down
I can change
make you laugh

Acerca

Despierta y se da
desde un punto dual
lo que no da resiste
y pienso que tal vez
es verdad o no
lo que se da resiste
estar así
y no ver
no estar disponer
de lo que no es

Mel

I look around so I see
inside you what I care
you come around to find me
could this be love? I wonder

I just don't care the realness is so strange
I try to understand, the things I do
I want to take, the things and throw away
the ones that I select, to just feel good

Id

Instantes de luz de sentir
ir y no volver
encontrar aún lo mejor
y dejarlo ir

Contenta

To often to see that
I don't try
to save what's mine
to save what's mine
To often I try hard
to cover my heart
to save what's mine
to save what's mine

Cliv

Like all the lights my love is
treasure you will see
and you would care
like all the lights you could stay
and you should come around me
for my health
Since you heard
since you care
I am glad
lights got into you
since you love
since you let
all the love get through on me

Panameña

Original song by Glad Kazuka

Remix by The sound of Lucrecia

Show me the shape of your heart the shape of your heart
show me the taste of your heart
If you run I'll run with you
if you stay I'll stay with you
